www.texastigersbasketball.com

I have received an opportunity to represent San Antonio by basketball with the Texas Tigers, an AAU affiliate and local basketball organization.

I was selected to play on one of the teams after attending a tryout for my age group and competing against numerous other athletes. I have been invited to travel across the nation to compete in several nationally recognized tournaments. It is going to be an incredible athletic and educational opportunity for me and feel extremely honored and excited to represent our great city and state.

I'm confident it will put me one step closer to achieving my dream of one day earning a college basketball scholarship and a degree at a prestigious university.

While playing with the Texas Tigers, I'll have the chance to be trained by some of the best coaches in San Antonio and compete against some of the best amateur teams across the nation. I will visit incredible places in the U.S. and learn about new cultures, but most importantly gain national exposure. This season we are scheduled to begin traveling in March to the following destinations Mississippi, Georgia, Florida, Kansas, Las Vegas and various cities across Texas.

I am writing to ask you to please help make this amazing experience possible, by sponsoring me with a donation. The money that is donated will be used to help with my travel expenses, and tournament entry fees. The average yearly expense per person is about \$900. I am committed to soliciting the money I need on my own, so I sincerely appreciate your support.

All donations are tax-deductible. Texas Tigers Basketball is a 501(c) non-profit organization with a federal tax id number. The organization is comprised of an entire staff of unpaid volunteers.

For more info feel free to contact any of our coaches or visit our website www.texastigersbasketball.com
